• Working from home Security Awareness Resources and Communication
• Six ways to protect yourself from COVID-19 Payment Fraud Attemps

Protecting People Podcast
In our latest episode, we interview Roie Cohen Duwek, Director of Security Research at Proofpoint, about privilege-based attacks. We talk about why EAC attacks are so insidious and effective and what CISOs should do to protect their employees.

What’s up with Symantec?
Still concerned about Broadcom’s new go to market – or lack thereof – with email security? See Proofpoint’s full library of resources to help you navigate conversations.
